

# MUNCH MONITOR

Ordering through your personal Munch Monitor account is an easy and convenient way to get your uniform items. Munch Monitor orders are processed Tuesday to Thursday and orders are given to teachers who in turn pass on to your child, or place in their bag. If there is an issue with sizing we are happy to exchange or refund in store with receipt and all tags remaining.

Munch Monitor is also used to order lunches from our Canteen and opening an account is very simple, please see instructions below.

Parents & students order online from the canteen menu and this information is automatically relayed to the school. Canteen staff print out an automated tally sheet of the daily orders along with bag labels. The items are then delivered to the students as per normal and the cost of each order from the canteen is deducted from the pre-paid parent account online. It's that easy

MunchMonitor can process online orders for other school services including uniforms, books, excursions, fundraisers & tuition. Parents order & pay for school items online and this information is automatically relayed to the school administration office or shop. This makes orders and payments for uniforms, books, school dinners and concerts or other fundraisers a breeze.

Results are in from our customer survey and we just had to share!
