

Lane Cove Public School Music Program Mission Statement

Mission Statement

The Music Program at LCPS aims to inspire, challenge and nurture musical creativity. We aim to develop children's knowledge, practical skills, understanding and appreciation of music, through group and individual tuition. We believe music is fundamental to the development of a child's wellbeing. We encourage the involvement of families in support of the music programme.

Aims and Objectives

To create a friendly, fun and inclusive learning environment in which students are:

- encouraged to learn and listen to a wide variety of musical experiences;
- encouraged to appreciate the history and future possibilities of music;
- to understand music as a vehicle for personal expression and serve as a basis for lifelong learning;

To create a range of exciting events for the children to perform and showcase their skills.

To achieve these aims it is the role of the Music Committee in collaboration with the parents the school and music tutors to facilitate the programme.
