

# LCPS Netball Club

## Information Booklet

### Introduction

The LCPS Netball Club was established so that girls enrolled at Lane Cove Public School can play competitive netball in the Northern Suburbs Netball Association competition. When there are vacancies in teams, girls who have previously been enrolled at LCPS are eligible to play.

The Netball Club is separate from the school sports programme and all positions on the Committee are filled by volunteer parents/caregivers. Each team also requires a volunteer coach, manager and umpire. The Club will endeavour to provide each team with a professional coach.

The Netball Club encourages all players to learn and enjoy the game of netball in a fun, caring environment. Please contact any Committee member if you or your child has any questions regarding the LCPS Netball Club. For further detailed information please refer to the Club's constitution and policies available on the LCPS website
